All members of the Board were present except Director Bramlett, thus constituting a quorum. However, Director T. Craig entered the meeting after the Landscape Architect's Report.

Also in attendance were: Marilyn Smith, a member of the public; Tina DeAses, and Steven Wright of The Risher Companies, the District's Recreation Manager ("Risher"); Chris Roznovsky and Aaron Bennett of Jones & Carter, the District's Engineer ("J&C" or "Engineer"); and Mallory Craig, Attorney of Coats|Rose, P.C., the District's legal counsel ("Coats|Rose").

WHEREUPON, the meeting was called to order at 7:02 p.m. in accordance with the posted meeting notice, which is attached hereto as Exhibit "A".

APPROVE MINUTES OF MEETINGS

The Board considered approving the minutes of the meeting held July 26, 2017, which were previously distributed for review.

Upon a motion by Director Hebert, seconded by Director Simmons, the Board voted unanimously to approve the minutes of the meeting held July 26, 2017, as presented.

HEAR FROM LANDSCAPE ARCHITECT

The Board recognized Ms. M. Craig, who presented the Landscape Architect's Report in the absence of the Landscape Architect, a copy of which is attached hereto as Exhibit "B". Ms. M. Craig reviewed the report and noted that a final pay estimate and certificate of final completion were being presented. Mr. Roznovsky stated that the punch list items have not yet been completed and that payment of the pay estimate and acceptance of the final completion certificate were not recommended.

Ms. M. Craig then noted that the bid for the landscaping project around the recreation center is due to expire on September 6, 2017, and recommended the Board consider taking action.

After discussion, upon a motion by Director Warren, seconded by Director Hebert, the Board voted unanimously to decline to enter into a contract with EarthFirst for the completion of the landscaping and to release the bid bond.

HEAR RECREATION CENTER MANAGER REPORT

The Board recognized Ms. DeAses, who reviewed the recreation activity throughout the month, a copy of which is attached hereto as Exhibit "C".

After review of the Report and discussion of the action items, upon a motion by Director Simmons, seconded by Director Hebert, the Board voted unanimously to (i) approve the recreation manager's report, (ii) purchase and install glass for replacement around the clubhouse and fitness center as proposed, (iii) replace the walls and ceiling in the chlorine room, (iv) authorizing painting of the window seals of the pavilion, as presented, (v) authorize replacement of grass behind the clubhouse as presented by EarthFirst for \$400, and (vi) purchase and install window tinting for the windows of the cardio room as presented for a total of \$1989.20.

HEAR ENGINEER'S REPORT

The Board recognized Mr. Roznovsky, who presented a summary of bids received for landscape maintenance throughout the District, a copy of which is attached hereto as Exhibit "D".

After review and discussion, upon a motion by Director Simmons, seconded by Director Hebert, the Board voted unanimously to award the landscape maintenance contract to Silversand Services and to authorize the District's engineer and attorney to finalize the agreement.

HEAR FROM RECREATION COMMITTEE

A report was not presented.

HEAR ATTORNEY'S REPORT

The Board recognized Ms. M. Craig who presented the Attorney's Report.

Consider Lease Agreement

Action was not taken on this matter.

HEAR DIRECTOR REPORTS

Director T. Craig

Director T. Craig presented the Board with a request to reconsider the age of children allowed in the fitness center with adult supervision. Director T. Craig noted that some mothers of young children are not able to use the facility due to their children being too young to enter. Ms. DeAses noted that having children under the age of 13 in the facility, even with parental supervision, created liability and safety issues. The Board discussed the issue.

Director T. Craig made a motion to amend the Fitness Center Rules and Regulations to allow children under the age of 13 in the fitness center with close parental supervision. A second was not made and the motion failed.

No further action was taken on this matter.

Director Warren

Director Warren noted that several residents have complained about the trash service. He stated that he has been working closely with Residential Recycling and Refuse of Texas to correct the issues.

HEAR FROM THE PUBLIC

No comments were presented.

There being no other business to come before the Board, the meeting was adjourned.

THIS LANDSCAPE MAINTENANCE AGREEMENT (this " <u>Agreement</u> ") is entered on theday of
by and between MONARCH LANDSCAPE MANAGEMENT, L.L.C., ("Contractor"), and, ("Owner"), with
respect to the property located set forth in <u>Exhibit "A":</u> (the " <u>Job Site</u> "). In consideration of the mutual
covenants contained in this Agreement, Owner and Contractor agree as follows:

1. Contractor's Services.

- (a) Contractor shall perform the landscaping, ground maintenance and water management services ("Services") for Owner at the Job Site. Contractor shall perform the Services in a commercially reasonable manner, and Contractor will furnish, at its own cost, all supervision, labor, equipment and materials associated with the Services. Contractor is purchasing, installing, and programming 1 smart irrigation control systems valued at \$3,481 each (total investment value: \$ 3,481).
- (b) A schedule of Services is set forth in <u>Exhibit "B"</u> hereto, the delivery of service will depend on the actual growing conditions and weather at the Job Site.

Contractor's Liability.

- (a) Contractor shall not be liable to Owner for any injury to or death of any portion of the turf or any plant material occurring at the Job Site or arising out of Contractor's performance of the Services, unless caused by the negligence or fault of Contractor (other than any injury to or death of any portion of the turf or my plant material arising from the sole or gross negligence of Owner or its agents)
- (b) The liability of Contractor (and its partners) to Owner (or any person or entity claiming by, through or under Owner) for any default by Contractor under the terms of this Agreement or any matter relating to or arising out of the performance by Contractor of the Services shall be limited to Owner's actual direct, but not consequential, damages therefor and shall be recoverable only from Contractor's assets, and Contractor (and its partners) shall not be personally liable for any deficiency.
- 3. <u>Term.</u> The term of this Agreement will be for a period of 36 months commencing on __ and terminating on __ unless terminated as set forth below. At each one (1) year anniversary date, Agreement is subject to an increase in the monthly sum if agreed upon by Contractor and Owner in writing. This Agreement shall automatically renew for additional period of twelve (12) months on each renewal date.
- 4. <u>Payment</u>. In consideration for Contractor's performance of the Services, Owner shall pay to Contractor a monthly fee equal to \$ ___ (together with any fee for additional services, the "<u>Service Fee</u>"), which <u>Includes OR Excludes</u> all applicable state and local sales or use taxes of 8.25% (<u>Sales Tax Exemption Certificate</u> Required), payable without notice, demand, deduction or set-off by good and sufficient check to <u>MONARCH LANDSCAPE MANAGEMENT</u>, <u>L.L.C.</u>, drawn on a national banking association, at Contractor's address above or as otherwise specified by Contractor. Application for payment will be made by the 30th day of the month.

As a convenience to the Owner, Contractor will invoice the Service Fee on a Balanced Billing Basis arrived at by dividing the sum of all the annual (12 month) charges for Services, as set for the on the <u>Exhibit "B"</u> to be performed by 12 and invoiced on a monthly basis.

<u>Default in Payment of Service Fee</u>. Owner's failure to pay any Service Fee within 30 days after contractor's delivery of an invoice therefor shall constitute a default by Owner under this Agreement, and, in addition to all other rights and remedies afforded Contractor hereunder or by law or equity, Contractor may (a) charge interest on any unpaid Service Fee equal to the lesser of (i) 18% per annum or (ii) the highest lawful rate of interest, (b) terminate this Agreement.

- 8. <u>Balanced Billing Adjustment on Termination</u> In the event that this Agreement or any renewal is terminated prior to a scheduled termination date, the charges for the Services performed will be adjusted to invoicing for the actual Services performed on an "a la carte" basis. This amount will be arrived at by taking the sum of the individual charges for all Services performed by Contractor, as set forth on Exhibit "B", less the actual amounts paid by Owner to Contractor under the Balanced Billing plan during the term of the Agreement. If the amounts paid by Owner to Contractor exceed the sum of the individual charges, Contractor agrees to refund the difference to Owner. Introducing Smartlink.

The world's first intelligent, affordable, web-based irrigation control system.

IT'S TIME TO SAVE WATER AND BEAUTIFY YOUR LANDSCAPE WITH THE SMARTLINK™ NETWORK

Imagine having immediate access to every element of your irrigation system. With the SmartLink Wireless Landscape Network, you and your landscape professional have unprecedented control over your system.

What does this mean to you?

Now your landscape professional is capable of making a simple programming change, monitoring the health of the system, or even being alerted if a problem occurs. He can instantly shut down your system in an emergency and help you comply immediately with local watering restrictions, avoiding costly fines.

Gain access to the SmartLink Network via any device that connects to the internet. Adjusting all of your controller's parameters is surprisingly easy. And with real-time reporting, you get visibility showing exactly how much water you are saving.

A Smarter way to save.

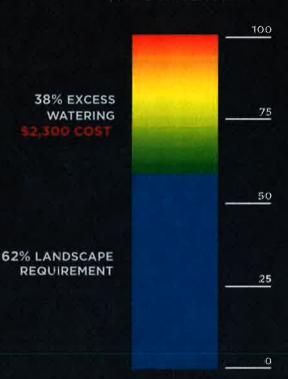

Not to mention, it's embarrassing,

Conventional timer-based systems water on weekly schedules that once programed, are rarely changed. Because of this, they tend to over-water by 20-60%. They also do not take into account seasonal, soil, plant and weather conditions. Overwatering injures plants and creates runoff that can lead to costly damage to pavement and walkways.

The SmartLine Controller is the water-saving control system in SmartLink. It has been installed on more than 385,000 properties saving an average of 38% in water use by taking into account all the necessary conditions to maximize irrigation efficiency.
